

## AMENDMENTS TO THE CLAIMS

### Listing of the Claims

9. (currently amended) A SIM card for operation with a terminal device of a mobile telecommunication network, ~~comprising:~~

wherein the terminal device card is configured to only establish in such a manner that with the terminal device only connections to fixed destination or source addresses, or both, can be established; and

wherein the destination and source addresses permissible in connection with the SIM card are stored in a memory of the SIM card or in a database of the mobile telecommunication network.

10. (previously presented) The SIM card according to claim 9, wherein said SIM card is designed as a Telematic SIM card.

11. (previously presented) The SIM card according to claim 9, wherein the destination and source addresses are phone numbers, URLs (Uniform Resource Locator) or APN's (Access Point Name).

12. (previously presented) The SIM card according to claim 10, wherein the destination and source addresses are phone numbers, URLs (Uniform Resource Locator) or APN's (Access Point Name).

13. (previously presented) The SIM card according to claim 9, wherein the SIM card only supports defined telecommunication services.

14. (previously presented) The SIM card according to claim 10, wherein the SIM card only supports defined telecommunication services.

15. (previously presented) The SIM card according to claim 11, wherein the SIM card only supports defined telecommunication services.

16. (previously presented) The SIM card according to claim 12, wherein the SIM card only supports defined telecommunication services.

17. (previously presented) The SIM card according to claim 9, wherein the mobile phone subscriber relationship associated with the SIM card can only be operated within a defined virtual private network (VPN).

18. (previously presented) The SIM card according to claim 10, wherein the mobile phone subscriber relationship associated with the SIM card can only be operated within a defined virtual private network (VPN).

19. (previously presented) The SIM card according to claim 11, wherein the mobile phone subscriber relationship associated with the SIM card can only be operated within a defined virtual private network (VPN).

20. (previously presented) The SIM card according to claim 12, wherein the mobile phone subscriber relationship associated with the SIM card can only be operated within a defined virtual private network (VPN).

21. (previously presented) The SIM card according to claim 13, wherein the mobile phone subscriber relationship associated with the SIM card can only be operated within a defined virtual private network (VPN).

22. (previously presented) The SIM card according to claim 9, wherein the SIM card encompasses more than one different subscriber relationship, wherein the use of the SIM card is assigned according to the originator principle to the respective subscriber relationship.

23. (previously presented) The SIM card according to claim 10, wherein the SIM card encompasses more than one different subscriber relationship, wherein the use of the SIM card is assigned according to the originator principle to the respective subscriber relationship.

24. (previously presented) The SIM card according to claim 11, wherein the SIM card encompasses more than one different subscriber relationship, wherein the use of the SIM card is assigned according to the originator principle to the respective subscriber relationship.

25. (previously presented) The SIM card according to claim 12, wherein the SIM card encompasses more than one different subscriber relationship, wherein the use of the SIM card is assigned according to the originator principle to the respective subscriber relationship.

26. (previously presented) The SIM card according to claim 13, wherein the SIM card encompasses more than one different subscriber relationship, wherein the use of the SIM card is assigned according to the originator principle to the respective subscriber relationship.

27. (previously presented) The SIM card according to claim 14, wherein the SIM card encompasses more than one different subscriber relationship, wherein the use of the SIM card is assigned according to the originator principle to the respective subscriber relationship.

28. (previously presented) The SIM card according to claim 9, wherein the SIM card supports other services that are typically not understood to be Telematic services.

29. (previously presented) The SIM card according to claim 10, wherein the SIM card supports other services that are typically not understood to be Telematic services.

30. (previously presented) The SIM card according to claim 11, wherein the SIM card supports other services that are typically not understood to be Telematic services.

31. (previously presented) The SIM card according to claim 12, wherein the SIM card supports other services that are typically not understood to be Telematic services.

32. (currently amended) The SIM card according to ~~claims~~ claim 13, wherein the SIM card supports other services that are typically not understood to be Telematic services.

33. (currently amended) A process of limited use of a mobile telecommunications network by a terminal device, the process comprising:

~~using a SIM card in the terminal device; said card only allowing~~ using a SIM card that permits connections ~~by means of said card~~ only to fixed destination or source addresses, or both;

wherein the destination and source addresses permissible in connection with the SIM card are stored in a memory of the SIM card or in a database of the mobile communication network.
